

**(Junior) Sales Manager Carbon (Amsterdam, the Netherlands)**

**Company name:**

China Carbon N.V.

**Location:**

China Carbon N.V. is based in Amsterdam, the Netherlands. This position will be posted in Amsterdam. Applicant should have EU citizenship or a valid work permit for the Netherlands.

**Compensation:**

This job is on a full-time basis and has an excellent remuneration package and a bonus.

**Company profile:**

We are an international company active in developing and sourcing CDM/VER projects. We have 15 years of experience and an outstanding track record throughout Asia and Europe. We work with local partners and buyers to implement clean energy projects to reduce carbon emissions. For further information about our company, visit [www.chinacarbonfund.com](http://www.chinacarbonfund.com).

**Description:**

The candidate will be a university graduate or with up to two years working experience from this or related field. This person shall assist the sales team in sourcing and selling CER/VER credits and assist other team members in managing and growing the CDM/VER portfolio as well as keeping the projects administration up-to-date. Knowledge of CDM/EU ETS, voluntary emission reduction schemes (Gold Standard, Verra, etc.) and emerging carbon markets is desirable. Carbon trading experience is an advantage.

**Requirements:**

- A degree in a subject related to environmental management
- Knowledge of the carbon market especially CDM, Corsia, Gold Standard, Verra, etc.  
Knowledge of Excel
- Affinity with the international carbon market
- Excellent written and oral communication skills in English
- This person should be very structured and very well organized.
